~ Top 16 machine tool builders in Taiwan 16/May/2014

Victor Taichung Group is ranked no.5 on M/T sales in 2013

According to this year's issue of the *Common Wealth* magazine released on 14th May 2014, most machine tool sales kept falling 10~25% in 2013 and 16 machine tool builders are ranked in the top 2000 Taiwanese enterprises this year (18 builders last year 2012.) **Victor Taichung Machinery keeps the 5th position in 2013** since the sales of PIM (Plastic Injection Molding) machines were not recovered.

Started since 2006, the sales turnover has been requested to *include all the sales of "share owned subsidiaries or group companies"* so this statistics shows the manufacturing capacity for different groups in Taiwan. In addition, the new financial standard "IFRS" (International Financial Reporting Standards) is applied to Taiwanese public licensed companies since 2013 so it is more and more difficult to identify the sales ranking for the individual company since the sales could be duplicated between companies in the same group.
